ALLEN D. WILEN

Partner & National Director, Financial Advisory Services Group — EisnerAmper LLP

Allen D. Wilen is a Partner at EisnerAmper LLP and serves as National Director of the firm's Financial Advisory Services Group, where he leads a team of more than 175 professionals dedicated to guiding clients through litigation, valuation, turnaround, and restructuring matters. An accountant by training, Allen has built his career around a singular focus: helping distressed organizations navigate the complexity and uncertainty of financial crisis toward a stable and sustainable future. Over more than two decades in the field, he has been involved in some of the most closely watched healthcare and nonprofit insolvencies in the country and has served as a trusted advisor to faith-based and nonprofit institutions facing financial hardship or institutional crisis.

Steward of Philadelphia's Safety-Net Hospitals

Allen's connection to Philadelphia's health care community runs deep. In 2019, he was appointed Chief Restructuring Officer of Philadelphia Academic Health System, the parent company of Hahnemann University Hospital and St. Christopher's Hospital for Children, as the organization entered Chapter 11 proceedings. It was one of the most difficult and closely followed hospital bankruptcies in recent memory, one that meant navigating the closure of a nearly two-century-old teaching hospital while working to preserve continuity of care for the region's children. Allen led the financial restructuring effort with a clear priority: protecting patient safety and securing a path forward for St. Christopher's so it could continue serving one of Philadelphia's most vulnerable communities. He has continued to steward the wind-down of the estate in the years since, seeing the case through to a confirmed plan and ensuring that creditors, employees, and the community he served were treated with the diligence and care the situation demanded.

A Career Defined by Fiduciary Trust

Across his career, Allen has been appointed by federal and state courts in a wide range of fiduciary roles, including Receiver, Special Fiscal Agent, Liquidating Trustee, Examiner, Provisional Director, and Chief Restructuring Officer. He is frequently called upon to represent court-appointed trustees, receivers, and examiners in high-profile cases, and his forensic accounting work has supported investigations leading to criminal convictions in matters involving bank and wire fraud, check kiting, and bankruptcy fraud. In 2021, Global M&A Network named Allen its Turnaround Consultant of the Year, and he later served as Global President of the Turnaround Management Association for its 2024 term. He is a frequent author and speaker on topics including director and officer liability in nonprofit entities, prepackaged Chapter 11s, valuation, professional ethics, and distressed health care, and he has contributed chapters to the Turnaround Management Association's Body of Knowledge and the American Bankruptcy Institute's CRO Handbook.

Allen holds a degree from the State University of New York at Binghamton and is a Certified Public Accountant, a Chartered Financial Analyst, an INSOL Fellow, and a Certified Insolvency and Restructuring Advisor.
